

Oakton pH/Con 10 Meter

Three-in-one multi-sensor probe with 10-ft submersible cable measures pH, conductivity, and temperature. Features include water-resistant membrane keypad, Auto-off, Hold, and ready indicator.

Features

- Switch from conductivity to pH at the press of a button
- Multi-sensor probe with 10 ft submersible cable
- Dual display of pH (or conductivity) plus temperature
- Push-button conductivity and pH calibration Automatic
- Temperature Compensation (ATC)

Specifications

pH

Range: 0.00 to 14.00 pH

Resolution: 0.01 pH

Accuracy: ± 0.01 pH

Conductivity

Range: 0.0 to 19.99,

0 to 199.9,

0 to 1999 μ S,

0 to 19.99 mS

Resolution: 0.1,

1.0 μ S,

0.01 mS

Accuracy: $\pm 1\%$ full scale, ± 1 digit

Temperature

Range: 0 to 100°C

Resolution: 0.1°C

Accuracy: $\pm 0.5^\circ\text{C}$

Power

Four AAA alkaline batteries

Operating Temperature

0 to 50°C

Oakton pH/Con 10 Meter

Applications

- Environmental / Agricultural
- Industrial
- Water Quality Testing
- Educational

Kit Contents

- Meter
- Probe
- Carrying case
- Manual
- Extra batteries

Accessories

- Calibrations buffers and standards
- Kim Wipes
- Rite in the rain paper and notebooks
- Nitrile gloves
- Disposable cups
